COMING SOON!

WHALE SHARK FRESHWATER BREAM CRUCIAN

We can also customize our products for any special event or company gift campaign with logos and messages. GABY is a very proud supporter of educational and conservation projects across Europe and would love to help out with your next event. Please get in touch with our friendly team as we'd love to hear from you and offer something special.

ABOUT US...

We proudly present our collection of carefully crafted products. Our fish pillows are made entirely from antiallergenic synthetic materials. The outer layer compromises of a delicate fabric while the inside material is a polyester used in pillow production. The unrivaled graphics were created by our fabulous artists, who are graduates of the Cracow Fine Arts Academy and passionate animal lovers. All our products are hand sewn.

The species featured in our collection are fish many of us have seen and can now enjoy their subtle, colorful and natural beauty. We all have a chance to admire and finally keep our favourite fish!

We even offer several sizes and color patterns for various species so make sure to a look at the whole range as there is a one-of-a-kind GABY fish for everyone.

Monster-sized GABY pillows

Our Monster-sized pillows are wonderful accents to any „fishy” decoration or collection. Whether it’s a single Monster or a whole school, these enormous pillows can be the center-piece of an educational exhibit, company event, child’s bedroom, or simply decor for any fish lover’s home. Coming in a whole variety of species from sharks to trout, they are sure to be a hit and can also be personalized with embroidering for that special occasion.
